

FRESHMAN WEEKS \*\*\* BICYCLE PROJECT \*\*\* ELECTIONS \*\*\* CORONA \*\*\* AKAS \*\*\* BEERPONG-TOURNAMENT

Do you already know the AKAS?

### AKAS offers #FreibergEntdecken

You are new to Freiberg or have been here for a while and haven't seen so much? Then take the chance to go on a few discovery tours through Freiberg with us! To join in, just stop by the Stura office to register:

How about this:

**27.11.**

Together we will have a look at the tower of **Freiberger Dom** and our **Terra Mineralia** in a night tour.

For December we plan to show you the Ratshauskeller and the Petritower.

### Bicycle project in planning

In collaboration with the IMKF, Jennifer Schwarz, a staff member in the Social and International Affairs Department, plans to offer bicycles for students to borrow.

In addition, a self-help bicycle workshop is to be set up by students for students. Volunteers are still needed for the bicycle workshop. If you are interested, please contact [stuwe-soziales@stura.tu-freiberg.de](mailto:stuwe-soziales@stura.tu-freiberg.de).

## With power into the new semester

### EMPLOYEES WANTED FOR THE PUBLIC RELATIONS DEPARTMENT

Since our last head of public relations unfortunately had to leave us, we are currently looking for dedicated people who are interested in taking over our public affairs. This includes tasks like designing posters and advertisements and taking care of our social media. If you have a knack for design or want to learn it, and of course if you have any questions about the topic, please contact us at [info@stura.tu-freiberg.de](mailto:info@stura.tu-freiberg.de).

### UNIVERSITY ELECTIONS

On **23.11.** and **24.11.** the university elections take place from **9 a.m. to 6 p.m.** or from **9 a.m. to 4 p.m.**, in which you can elect the members of your faculty council, the senate and the extended senate.

These committees make far-reaching decisions for your studies and your voice is assured through your student representatives.

You can find all information about the election in the current election announcement at <https://tu-freiberg.de/universitaet/organisation/wahlen>. Voting will take place at the EAC at the Neue Mensa, Agricolastraße 10a in Freiberg.

### AND AGAIN CORONA...

Despite all the beautiful events, one topic always remains topical: Corona. Above all, the work of the Studies and Education department should be emphasized, which in recent weeks has worked hard to maintain communication between students and employees of the university and to have an open ear for all parties.

You can find out which rules currently apply on the university's Corona website: [www.tu-freiberg.de/corona](http://www.tu-freiberg.de/corona).

In addition, a large-scale survey was created on the current situation of students in connection with Corona, the results of which you can find at <https://www.stura.tu-freiberg.de/de/dokumente/zahlen/>. Außerdem wurde eine groß angelegte Umfrage zur derzeitigen Situation der Studierenden im Zusammenhang mit Corona erstellt, deren Ergebnisse ihr unter <https://www.stura.tu-freiberg.de/de/dokumente/zahlen/> finden könnt. Among other things, we asked which formats you prefer, what fears you have about Corona, and what it all means for your studies. Take a look at what the voice of the student body looks like.

### THE FRESHMAN WEEKS

At the beginning of October, the StuRa and the FSR's were finally able to welcome the first-time students back in attendance! After a few in-house introductory events and preliminary courses, the committees also had the opportunity to introduce themselves and to show the newcomers what Freiberg student life has to offer. In addition to various evenings to get to know each other and meet 'n' greets, there was also the colorful campus and the campus festival for the first time.

In the former, our working groups and initiatives were also able to show what they have to offer. At the campus festival, those present braved the bad weather and danced to music in the rain. So we can only hope for next year that the weather is a little bit better for us.

We wish all new students a great start into their study life and hope you arrived well in Freiberg.

### OF MUGS, BEER AND BALLS

The first weeks followed on October 22nd. the beer pong tournament, in which 40 teams fought for victory!

The venue was the great hall of the old cafeteria. Of course, there were also important visitors at an event of this size. Our rector, Professor Barbknecht, and the managing director of the Studentenwerk Thomas Schmalz insisted on stopping by and throwing a few balls themselves!

After countless balls thrown, tumbled cups and spilled beer, the *Indian Biryani* team won the day after a lot of effort.

After playful tension, the guests could dance loose again at the aftershow party with DJ Sam Collé.

We very much hope that the next tournament in the summer will also create such a mood!
